*Kits and stations are available with Zenex™ (standard) aluminum or steel padlocks. See padlock options below.

YOU CHOOSE THE PADLOCKS FOR YOUR NEEDS.

Zenex™ Padlocks – non-conductive, lightweight bodies with permanent write-on labels for worker identification. Key retaining feature ensures that padlocks are not left unlocked. Reserved-for-Safety, high security, 6-pin cylinder offers over 100,000 possible key changes.

Solid Aluminum Padlocks – heavy duty padlocks feature a durable anodized finish. The 5-pin cylinder offers over 10,000 key changes to minimize risk of key duplication within a facility.

Steel Padlocks – durable, general security padlocks have reinforced laminated steel construction to withstand physical abuse and a 4-pin cylinder offering up to 1,400 key changes.
